

A close-up, profile view of a woman's face and shoulder, covered in water droplets. She is looking out through a shower door, which is also covered in water droplets. The background is a dark, textured surface, possibly the shower door or wall, with many small water droplets scattered across it. The lighting is soft, highlighting the texture of her skin and the individual droplets.

GlassCrafters

GlassCrafters is the only full service manufacturer, supplier and installer of high quality, innovative shower enclosures. In-house glass fabrication, patented hinge designs and superior workmanship offer our customers the best warranty in the industry. GlassCrafters provides computer design services with multiple installation options. Our design staff will work closely with you to exceed your expectations.

frameless

MAJESTIC series

The Majestic series imparts sophistication while delivering the industry's only truly frameless enclosures. This series features a solid brass pivot hinge with the ability to handle larger and heavier doors. The Majestic offers durable construction and custom design for luxury homeowners.

frameless

ROYAL series

The Royal is our alternative frameless shower enclosure option for handling heavy glass. It features high-performance, German-engineered solid brass wall-mount and glass-to-glass hinges that exceed industry standards. This series conveys quality and adds beauty to your bath.

frameless

MATRIX

series

The Matrix embodies modern style. This minimal metal construction integrates flawless luxury with effortless operation, satisfying contemporary aesthetic admirers.

framed solid brass

REGAL series

The Regal series is defined by its elegance. This sleek structure features hand crafted solid brass frames with brilliant decorative plated finishes to complement traditional or contemporary designs.

framed solid brass

REGAL hybrid series

The Regal Hybrid is the latest visionary design in shower doors. Integrating elegant detail and durable functionality, the Regal Hybrid features hand crafted solid brass frames with solid brass pivot hinges.

framed

METROPOLIS

series

Metropolis' fully-framed, state-of-the-art, grid design provides a retro feel, while delivering modernistic function. Constructed with aluminum mullions and frame finished in powder coated oil rubbed bronze and iron like, matte black.

frameless

EQUALIS series

The Equalis series shower door system provides the functionality of a frameless by-pass with a timeless, contemporary and transitional aesthetic. Both doors glide effortlessly on a solid aluminum track with cladded stainless steel and features a durable, stainless steel, roller hardware system.

frameless

ACERO series

The Acero delivers a minimal, geometric design aesthetic with well-appointed features including a frameless door, stainless steel hardware and tempered safety glass. A truly frameless, sliding door and fixed panel are supported by a rectangular stainless steel rail eliminating the typical header.

semi frameless hinge

EPIC hinged series

The Epic series Semi-Frameless Hinged Door profile offers universal possibilities. Neat and efficient, Epic's smart style will enhance any bathroom concept. Epic offers a clean alternative to bulky, aluminum framed enclosures.

semi frameless slider

EPIC by-pass series

The Epic By-Pass series exhibits an efficient, superior solution to tub and shower environments. European or traditional designs, a variety of metal finishes, plus multiple glass options create distinction for your bath.
