# SAVE TIME WITH ENDUROSHIELD®

PROTECT YOUR SHOWER DOORS AND ENCLOSURES WITH ENDUROSHIELD EASY CLEAN TREATMENT AND EXTEND THE LIFE OF YOUR GLASS.

As an industry leader in innovation, GlassCrafters partners with EnduroShield to offer customers the best easy clean treatment on the market. EnduroShield will help cut down on cleaning time and protect against staining and etching caused by soap scum, body oils, limescale and grime. EnduroShield's long-lasting protection has been durability tested for a simulated lifetime of 10 years.

## THE ENDUROSHIELD ADVANTAGE

- ▶ Ultimate Protection: Optically clear, UV stable, chemical resistant, water and oil repellent
- ▶ Highly Durable: Permanently\* bonds to the glass and comes with a true 10 year performance warranty. No revitalizer products required
- ▶ Save Time and Money: EnduroShield keeps glass visibly cleaner for longer and reduces the frequency between cleans

# MAKES CLEANING A BREEZE

# EnduroShield®

Save time and money with EnduroShield® Protective Treatment for Glass, the revolutionary, permanent\* non-stick treatment that is ideal for shower doors. The once-only application makes grime, dirt and soap scum easier to clean, reducing cleaning time by up to 90%.

Untreated glass is porous and as a result it absorbs mineral deposits and soap scum. Over time glass can discolor and etching can occur in harsh environments, which makes cleaning more frequent and difficult. These harsh conditions can commonly be found in the household bathroom. The shower door is subject to mineral deposits from the water, shampoo, soaps, body fats, and scrubbing using chemicals and toxic cleaners.

EnduroShield® is an ultra-thin transparent glass treatment that completely adheres to the surface and provides protection that will repel both water and oil based stains. Similar to a non-stick fry pan, cleaning is made easier using only water and a mild detergent and a damp microfiber cloth. No longer is scrubbing with harsh toxic cleaners needed, EnduroShield makes cleaning a breeze and keeps glass looking cleaner for longer. The superior protection also helps prevent the build-up of mold and bacteria, promoting a germ-free environment.

EnduroShield® is non-toxic and environmentally friendly, eliminating the need for harsh chemical cleaners and diminishing water usage with less frequent cleaning. EnduroShield has been independently tested and certified for durability on interior and exterior use by TÜV Rheinland, Germany. A 10 year limited warranty is provided without the requirement of specialized aftercare products to maintain performance.
